

"RISE UP! REFLECT, RING, RENEW" VIEWING TIPS

Our 6-piece concert was uploaded to the Capital Ringers' Vimeo premium account. Vimeo is similar to YouTube, but more oriented toward professional video and without ads popping up.

Don't be intimidated by these instructions! It's easy to watch our video on your computer, laptop or tablet. This guidance will help you watch it on your TV if you wish.

The **Vimeo Showcase** format allows you to watch the songs one at a time or continuously. You do not need a Vimeo account or app to watch these videos. (However, we are including instructions for maximizing your viewing experience on a "smart" TV.)

You will see a drop-down menu with each song at the top left. You can view it full screen on any desktop or tablet, such as an iPad, by clicking on the full-screen icon in the lower right corner. The videos will be available through November 1.
